67 απαντήσεις

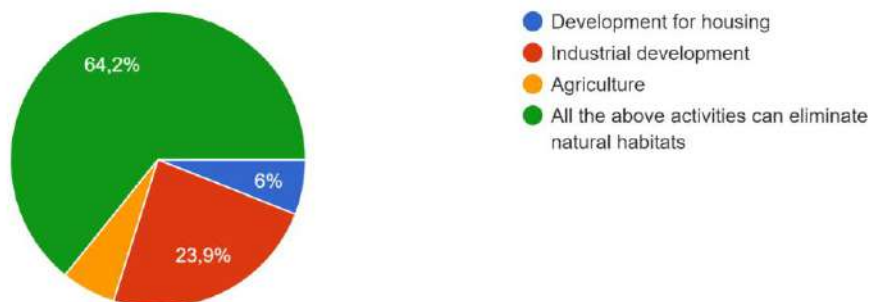

What are the main reasons that species become endangered?

67 απαντήσεις

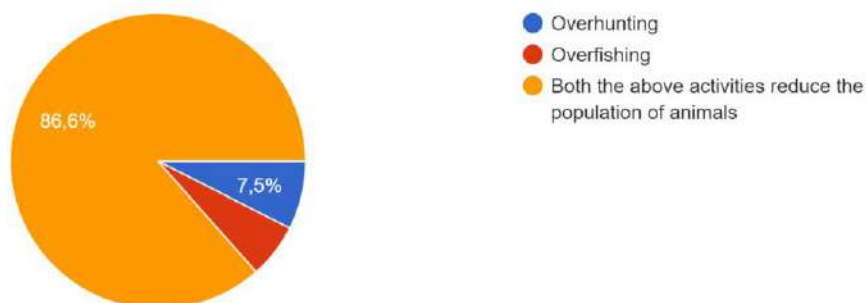

How can human activity contribute to elimination of natural habitat?

67 απαντήσεις

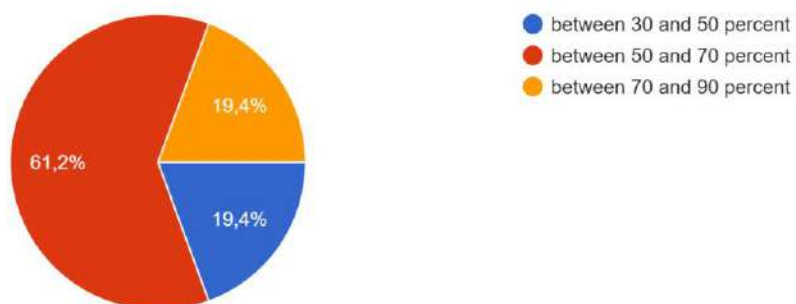

How can human activity lead to a loss of genetic variation?

67 απαντήσεις

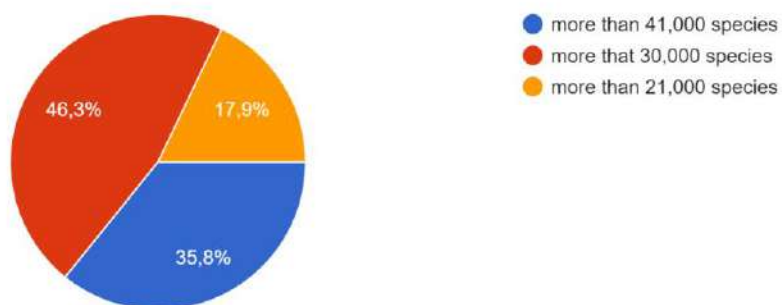

A species is classified as endangered when its population has declined

67 απαντήσεις

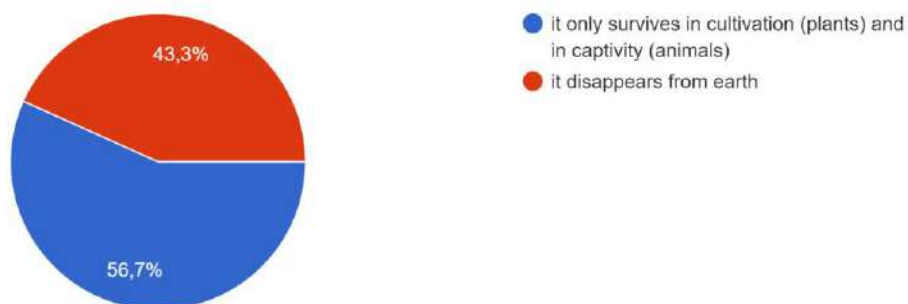

Currently, what is the number of species that have been assessed to be under threat of extinction?

67 απαντήσεις

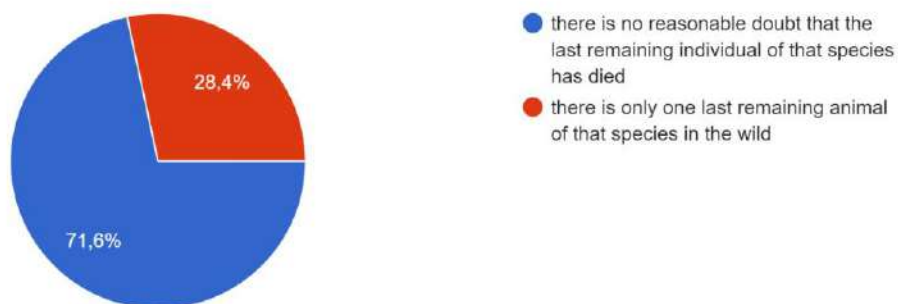

A species is extinct in the wild when

67 απαντήσεις

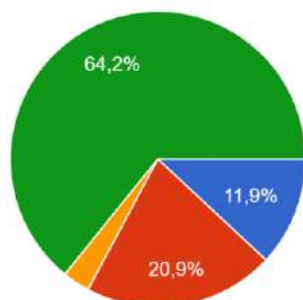

A species is extinct when

67 απαντήσεις

In your opinion, how can governments and international organizations work effectively to protect a species that is classified as endangered?

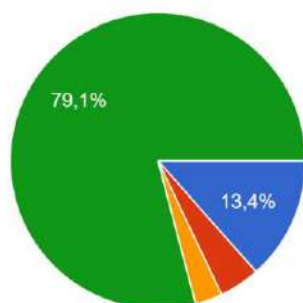

67 απαντήσεις

- Introduce laws to limit hunting
- Introduce laws to prevent the destruction of the species' habitat
- Request from Individuals and organizations that break these laws to pay huge fines
- All the above measures can help endangered species to survive

How can we protect life below water and maintain marine biodiversity?

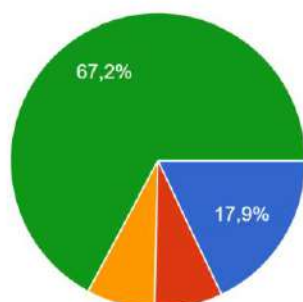

67 απαντήσεις

- Keeping the oceans clean
- Stopping the use of plastic bags
- Reducing marine litter
- All the above measures can help endangered marine life to survive

How can we protect life on land and restore terrestrial ecosystems?

67 απαντήσεις

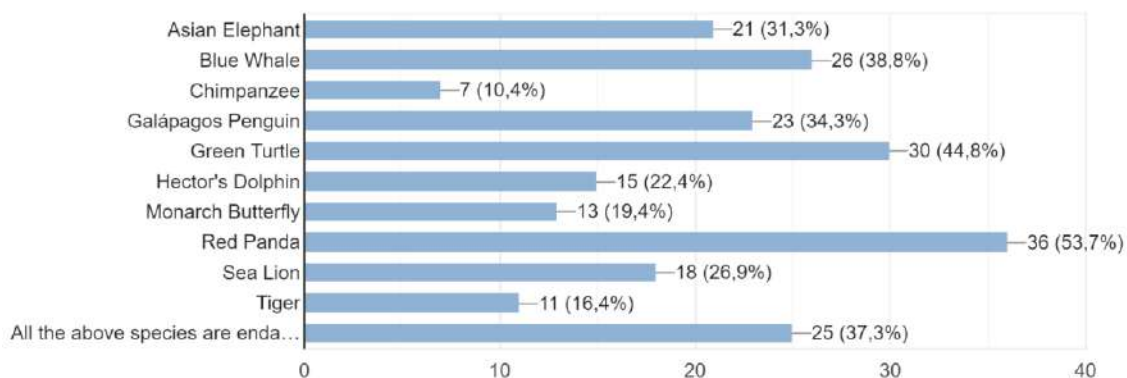

- Managing sustainably all types of forests
- Halting deforestation
- Abolishing hunting of wild animals
- All the above measures can help endangered wild life to survive

3RD GYMNASIUM OF HERAKLION CRETE, GREECE

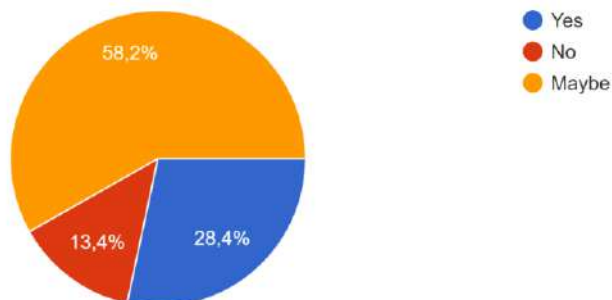

Based on your own knowledge, which of the following species are endangered nowadays and threatened with extinction?

67 απαντήσεις

Do you believe that adopting an endangered species today can help make a difference and contribute to the protection of wildlife and marine life?

67 απαντήσεις

Do you believe that individual action can help to preserve forests and restore oceans?
