The journey with the airplane was long but we enjoyed it!

Here are the tickets

And the view from the airplane!

We arrived in France and that's when the fun began!

On Monday, which was the first day of the meeting, we all went to visit the host school which was hugeeee! It had an enormous backyard which had ping pong tables so of course we had to try it. We visited the school choir where some children had a rehearsal which was amazing. After that, we created an Erasmus logo that reflects European values and democratic ideals. I think it turned out nice!

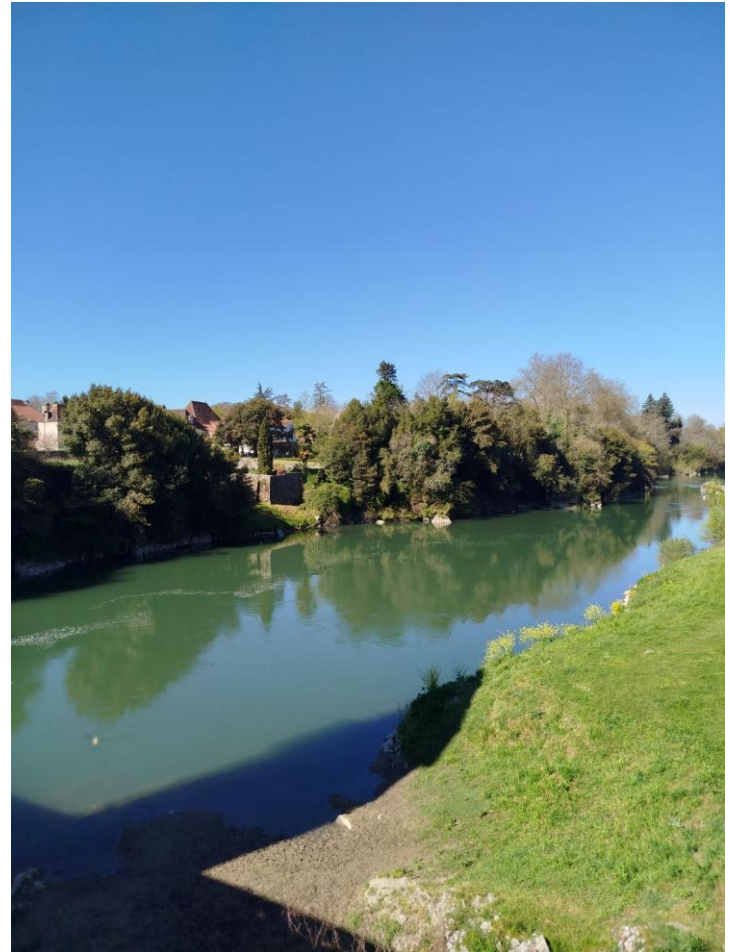

On Tuesday, during the media workshop we were taken interviews about school life in Greece, they even had green screens in the background! We also baked an apple pie, it came out a bit undercooked but we enjoyed making it.

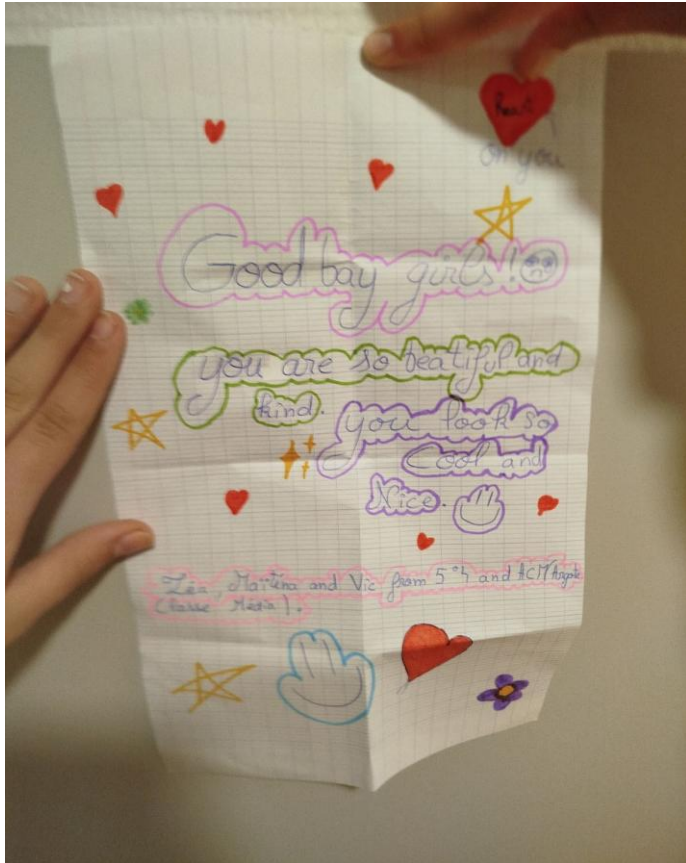

On Wednesday, we went to a city called Pau and it was amazingggg! We went to the art museum and to different shops to buy gifts for our family and friends. We tried some cookies which were delicious and saw gardens and different beautiful cultural monuments! When we came back, we went to see the girls playing basketball in their team.

On Thursday, we attended some classes such as French, English, Spanish, Literature, Maths and more. What caught my attention is that in France, they don't have separate rooms for each class, but they have different classes for each teacher based on the subject they teach. We also went for a walk in the afternoon in Orthez and nature was amazing there!

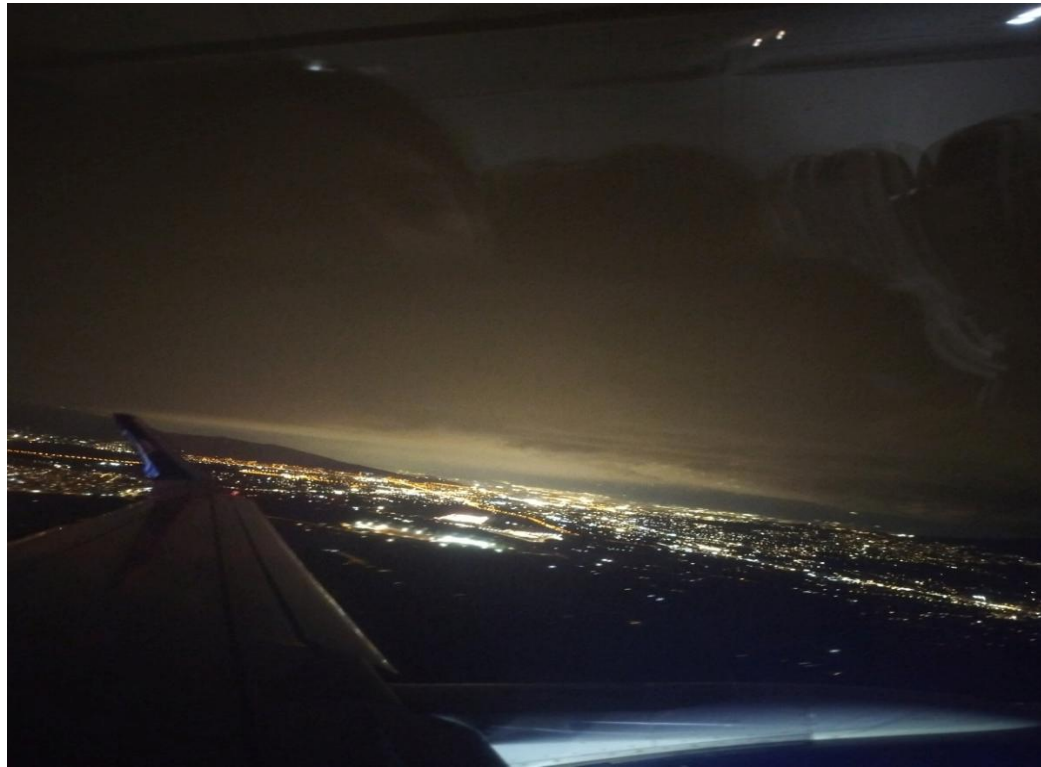

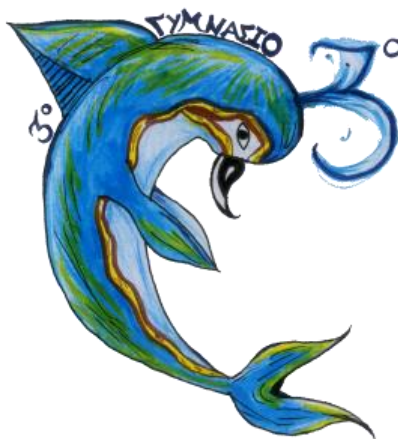

On Friday during the media workshop we were taken an interview again, and the French students were asking us the questions! They were so adorable, they even made us the sweetest card! We also made cup cut videos of our journey in France.

On the day before our departure by plane, we went to Bordeaux which is an enormous city and had the chance to visit the most important monuments and landmarks of the historical city center. There were also hundreds of shops which of course we visited. It was my birthday so the girls surprised me with a little balloon shaped like a "Z"! At night, we stayed at a hotel because we had to leave early in the next morning by plane. We invited everyone in Ioanna's and mine room and had a sleepover. We made videos, did face masks, danced, ate candy and had a lot of fun. We finally slept at 04:00!!!

The next day, we got on the plane and came back to Greece. It was one of the best trips I have ever been to!
